12 Powers for our Planet

Empowers ministers and individuals with ready access to useful, compelling, inspirational information and resources.

This will be a year-long initiative that will provide educational materials and concrete action items individuals and congregations can take to become better stewards of Creation. Each month will focus on one of Unity's 12 Powers and how it relates to caring for our Earth. Resources provided will include materials that ministers can use to deliver a Sunday message which includes factual, non-political information about the issue being discussed, and specific practical actions that can be adopted. Specific, strategic actions will be provided that can help in creating a world that works for all beings.
